PRODUCT CHARACTERISTICS > BENEFITS

- Efficient 7-piece pot set made of hard anodised aluminium. Suitable for up to 4 people.
- Frying Pan has a robust ceramic non-stick coating to protect the inside from scratching.
- Two lightweight cooking pots with a durable PTFE non-stick coating.
- The special heat exchanger on the 3.2L pot reduces „time to boil“ up to 30%, making your stove energy efficient and saving fuel when cooking.
- Use the Thermobag for passive cooking, keeping food warm, and protecting your pots from scratching.
- Due to the special bottom geometry of the pots, they stand securely on the burner.
- If you've cooked too much, you can leave it in the pot and protect or keep it warm with the flexible silicone lid.
- Transparent plastic lid that can also be used as a strainer and be attached to the side of the pot.
